## COMPANY PROFILE

### AKSHAR ENGINEERING WORKS

was incorporated in the year **1996**. We are a renowned Manufacturer and Supplier of Industrial Products. Our organization is smoothly reaching the heights of success under the headship of **CEO, Mr. TRIBHUVANBHAI K PANCHAL**, who has **35 years** of experience in manufacturing pharma machinery. Making an admiring

global presence, we operate or business affairs from **Chhatral, Gujarat**.

A premiere Pharmaceutical & Chemical Machines and Equipments manufacturing company to cater the growing needs of industries like Pharmaceutical, Chemical, Biotech, Ayurvedic, Cosmetics and Food & Beverages. We are engaged in offering Pharmaceutical Machines, Rotary Bottle Washing Machine, Sparkler Filter Press, Starch Paste Kettle, Reactor Vessels, Storage Vessels & Tanks, Oil Filter Press, Filtration Machine, and many more products.

In India, we currently circle our customers with value-added Pharmaceutical Machines & Equipments through our Chhatral based unit. Our motto is to give highest value to the Product's Quality, Services and Customer Satisfaction yet cost effective.

We have manufacturing unit fully equipped with modern Machine Tools, Equipments and Accessories. We have team and workforce which can deliver highest standard of products meeting National / International norms. All machines and equipments are manufactured under strict supervision and as per current Good Manufacturing Practices (GMP).

To support our company's growth & expanding services, we constantly strive to maintain the tradition of Integrity & Honesty. **AKSHAR ENGINEERING WORKS** atmosphere reflects the simple philosophy to always offer personalized service, quality products and technical support to all our esteemed clients. With cohesive strategy, unique culture and common mission, we demonstrate that excellence, integrity and commitment can and should go along with success and growth.
